---

INTERNATIONAL DEVELOPMENT ACTORS AND NON-GOVERNMENTAL ORGANISATIONS (NGOS) ARE CALLED UPON TO DELIVER CRUCIALLY IMPORTANT MISSIONS IN THE MOST CHALLENGING OF CONTEXTS, SPANNING HUMANITARIAN CRISES TO NATURAL DISASTERS.

**YOUR FOCUS: REDUCING HARM AND HELPING PEOPLE**

Of course, actions carried out in these times of crisis, while driven by the overarching need to reduce harm and to help people and their societies, need legal protection.

In the sector, there are too many examples of staff and organisations being left exposed to litigation, often through simple oversights or lack of awareness amplified by the multi-jurisdictional nature of much of the work.

**YOUR OBLIGATIONS FOR RISK ASSESSMENT**

The sector is necessarily well practiced in the concept of risk assessment and mitigation, it is less well informed when it

comes to legal risk; an awareness of legal risk is invaluable at any stage of a project ensuring that donor money, staff and reputations are not compromised.

Your aim in such times of crisis is to reduce harm and to help people and their societies. It is vital therefore that the actions of the organisation and those of its staff have legal protection.

*Proelium Law gives those connected with Failed, Failing and Complex environments access to relevant, experienced and affordable legal expertise.*

## HOW WE CAN HELP

Our approach is to speak the language of the sectors we serve. We're a non-traditional law firm that cuts through the noise, as we have deep personal experience of working and living in high-risk jurisdictions.

That, along with our low overheads, keeps prices down and means also that we understand the importance of giving a personal service, 24/7, to people who frankly have more important things to worry about.
